

Private Professional Development Opportunities

Book a teacher workshop in our museum or at your school!

All New-York Historical Society teacher programs are presented in an interactive format that models our approach to inquiry-driven learning and incorporates our rich collections of objects, images, and documents. Workshops support the NYC Social Studies Scope and Sequence, the Blueprint for Teaching and Learning in the Arts, the Common Core Standards, and the NYC DOE's standards for teacher effectiveness.

Custom Workshops

Collaborate with us to develop a custom professional development workshop designed with your specific group's needs in mind. These sessions are ideal for Chancellor's days, district meetings, departmental planning sessions, and other professional development needs. All participants receive curriculum materials. Workshops can run from two hours to a full day and cover a range of topics, all dependent upon your needs.
